# AI Acceptable Use Policy - Starter Template

1. Approved tools: Only AI tools on the company approved list may be used for work.
2. Data rules: Never enter customer data, financials, passwords, or HR information into an AI tool.
3. Review: A human reviews every AI output before it leaves the company.
4. New uses: New AI tools or use cases need approval from [owner name].
5. Incidents: Report mistakes or data slips to [owner name] the same day.
